New Session – New Beginnings

At the onset, I would like to congratulate you and your ward for having achieved another milestone and being promoted to next class. Let us begin this new session 21-22 with new hope and determination after a successful virtual teaching mode last year amongst unprecedented and difficult times of COVID 19 which has affected our normal life for more than year now.

But it is rightly said, “A positive attitude creates a chain of positive thoughts, events and outcomes”. The year that passed was utilized as an opportunity to shift from the traditional way of learning to the digital way. As a leading school, we, with our commitment to provide the best solutions, were successful in reaching every child and parent through a well-planned and safe system of online classes, online PTM, online activities, online examinations, and most importantly, we created and shared ample study materials and videos to make things easy and accessible to the students. No doubt, we missed the physical presence and fun learning of the students with their peers in the classes.

For this session, with a clear vision to “Motivate, Educate and Empower our students by reinforcing their own expectations, we are all set to bring back the momentum in developing academics and other skills that include sports, craft, music, and dance which play a vital role in the growth of the students, and turn students into wholesome personalities by identifying, encouraging and fostering the latent potential in them.

Under the guidelines of NEP 2020, we have designed a broad curriculum and instruction schedule that will inculcate 21st Century Learning; Literacy and Numeracy Skills, Entrepreneurial and Life Skills. Students will develop Critical Thinking, Problem Solving, Creativity, values of a global citizenship and positive environment behaviours through holistic & enjoyable child-centric, inquiry-driven, discovery-oriented experiential approaches. Extra emphasis is being given on social emotional well-being of our children.

A very well-planned calendar stipulating the year-round activities is incorporated in the almanac to ensure maximum participation and encouragement of the students. We will ensure that a monthly planner is mailed to you so as to apprise you of the curricular and extracurricular activities of the wing during the session. The news bulletin is also an initiative to maintain a connection with our parent community.

I look forward to your active participation with us. Let us together shape and facilitate a joyful and stimulating learning environment for our children.

Stay safe and healthy.

Dr. Renuka Rawat

A true conservationist is a man who knows that the world is not given by his fathers but borrowed from his children.

With this wise thought, the students LPW enthusiastically participated in various activities to commemorate Mother Earth. On Earth Day, an array of creative activities was organized to sensitize the children about this beautiful and unique blue planet and to develop compassion and responsibility towards their one and only home - earth. The 3H approach was taken up where children were inspired to involve their Head, Heart, and Hand for making this planet cleaner and greener.

The week commenced with the 'Earth Rise' event wherein students saw various informative videos on the importance of celebrating Earth Day. They were also apprised with the facts related to this day. Children who are truly beacon of hope for the future made aware of their role in protecting life on earth. As a part of their involvement in restoring the earth, children prepared a short video sharing one action that they will do to make this planet a happy place to live in. Finally, the weeklong celebration culminated with the poster-making competition 'Earth Design'. Children showcased their craftsmanship by creating vibrant masterpiece with shapes, lines and patterns.

The events of the week made the young aware, connected and committed to the well-being environment, kindling love for nature and promoting positive environmental behaviours in them.

"Appreciating Mother Earth" — Aaheli Mukherjee; Class-IIc; Rollno-2

“The journey of a lifetime starts with a turning of a page” with such a wise quote the lower primary wing celebrated DEAR Activity. Children dropped everything and read their favourite stories, fables, Aesop’s etc. Students along with their parents took time out and they sat together read various books. Students clicked lovely pictures of spending quality time with their parents. It was indeed a pleasure to see that during such unprecedented times this positively engaging activity has brought the members close to each other and like it says -'a family that reads together stays together'!

SUBJECT ENRICHMENT ACTIVITIES GRADE 1

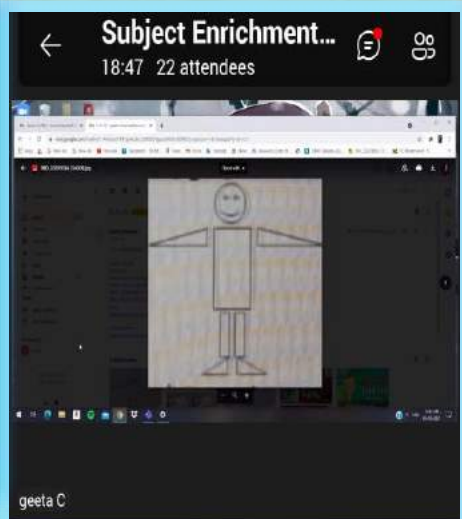

SNAPSHOT

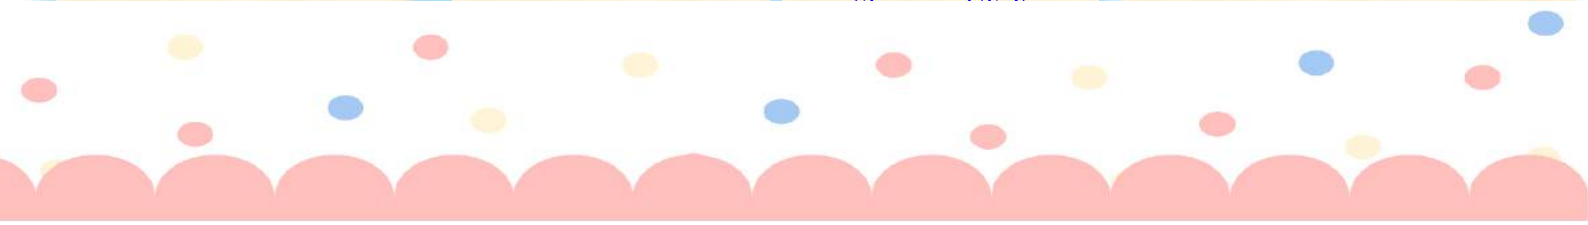

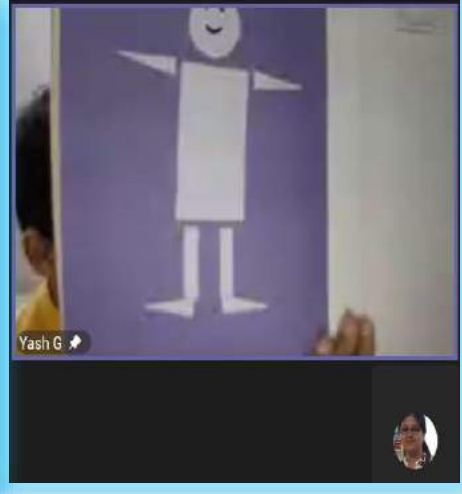

I can read and I can draw - An activity of reading sentences and drawing the picture accordingly.

Show vowels on fingers - Making a vowel hand to show five vowels on each finger.

Creativity Challenge

SNAPSHOT

Mother's Day is a celebration honouring the mother, as well as motherhood, maternal bond, and influence of mothers in society. To show the love and respect to their mothers, the young, enthusiastic, and adorable ASNites of lower primary wing celebrated this most special day with lots of fun activities and some memorable performances. Children made this day special for their moms by doing different activities like preparing a gratitude card for their mother's, cooking a scrumptious non-flammable meal. They also composed poem and songs for their mothers and presented a foot tapping dance to make the day more enjoyable. The glimpse of beautiful bond of selfless love, care and respect are attached herewith.

God could not be everywhere and therefore he made mothers....

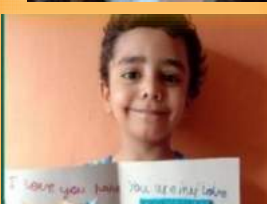

‘A father is someone who holds you when you cry, scolds you when you break the rules, shines with pride when you succeed and has faith in you even when you fail.’

Father’s Day was celebrated on 20th June’21 in a unique way by the students of LPW. The spirits of young children were sending to be believed. They zestfully celebrated Father’s Day, depicting their unending love and gratitude for their fathers.

Children were given many attractive ideas to choose from to make Father’s Day as wonderful as their fathers. They did fireless cooking in ‘Kids Cuisine’ where they prepared mouth-watering delicacies and impressed everyone with their culinary skills. Some children sang out Father’s Day song with heartwarming expressions make their fathers special and cherished.

Many children coordinated their attire with their father and tapped their feet with together on their favourite song. They also created their own masterpiece embellished with creativity under the activity ‘Creative Hearts’. They read their favourite storybook along with their father while cuddling and snuggling in reading corner.

They captured their cherished moments spent with their fathers and clicked beautiful pictures.

'Yoga is essentially a practice for your soul, working through the medium of your body.'

The art of practicing yoga helps in controlling an individual's mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful mind and body.

Recognizing this important role of yoga, this year on the occasion of International Day of yoga on 21st June' 21, a virtual session was held for Primary Wing with an aim to promote healthy and active lifestyle and habits amongst students, parents, family members and teachers. Everyone participated wholeheartedly in the session early morning, joining in the journey of mental and physical well-being. A trained Yoga teacher at our school guided everyone with different asanas and breathing exercises to be performed.

Tweets from the Classroom

My five senses – An activity to understand our senses by using different object like talcum to smell, whistle to listen, cotton to touch etc.

Hands on Activity – Learning Place Value with Kidney Beans

Fun and learn with Abacus - Learning Tens and Ones with Abacus.

Glimpses of Flaunt your Talent

मेरी माँ की रीति थी, चाक्रे अर्थात् रीति थी ।
 E-learning पर हूँ मैं प्यारी,
 हूँ मैं फ़िलिपिन । मिला भी मैं प्यारी ।
 हूँ मैं आँसू दूर प्यारी,
 हूँ मैं हँसी हँसने भी हँसारी ।
 भूलत भी हूँ मैं मिला कर मैं प्यारी,
 है भी आँसू भी मैं प्यारी ।
 Vacations फ़रमा होने का करती हैं माँ,
 जबकि रीति थी मैं प्यारी है खुशियाँ अनेक ।

**Wear Your Creative Hat.....
An Opportunity Not to be Missed!!**

CREATIVE CORNER

IMAGINATION
LET YOUR CREATIVITY HAVE WINGS

The LPW wants to give an opportunity to its students to portray their creativity in the form of fine arts or liberal arts. Students can create beautiful drawings, posters, poems, stories etc. Best entries will get the chance to be published in the News Letter. Send your entries to the class teacher through microsoft teams chat.

LETTING IMAGINATION LEAD THE WAY

“The whole world opened up to me when I learned to read” – Mary McCleod Bethune

Reading is Fundamental. In fact, it is one of the most important ingredients to becoming all that you can be.

Reading develops your brain, provides a window into the world around you and helps you do better in all school subjects. Most importantly, reading can not only help you become a better student, but a better person. You can learn from the brightest people whenever and wherever you choose.

With these positive thoughts, LPW has come up with an innovative idea of bringing the library home at your fingertips. The class teachers will share a pdf link of age-appropriate books every Friday through snap HW to make the weekends more enjoyable with books and lot to read. Let us step into the enriching world of reading.
