Subject: Invitation to Atal Community Day on 23rd April, 2019

Dear Madam/Sir

Greetings from ASN Senior Secondary School!

Atal Tinkering Lab (ATL) is a workspace where young minds can give shape to their ideas through hands-on do-it-yourself mode, and learn innovation skills. Participating students get a chance to work with tools and equipment to understand the concepts of the STEM (Science, Technology, Engineering, and Math).

We are pleased to share with you that in Session 2016-17 our School was selected by NITI Aayog to establish **Atal Tinkering Laboratory** under **Atal Innovation Mission** in schools across India. The objective of this scheme is to foster curiosity, creativity, and imagination in young minds and inculcate skills such as design mindset, computational thinking, adaptive learning, physical computing etc.

To create a more inclusive society of young innovators & foster an environment of Innovation and Creativity by exposing the children to the world of design thinking and tinkering, we are celebrating **Community Day on 23rd April, 2019** with bright young innovators from all strata of society. On Community Day, the students will be engaged in a plethora of activities and modules to provide hands on learning opportunities under the able guidance of qualified and efficient mentors. The students will also get an opportunity to interact with other students of varied backgrounds and thereby create the feeling of empathy and environment where they can be benefited from the exchange. The students will be able to think out of the box solution to real life challenges using science, technology and designing as a tool, thus bringing out their latent potential which can later be refined to effect transformational change at the societal level.

We request you to send maximum 5 students (Classes VI - X) along with a teacher on 23rd April, 2019 at 9:00 am for 3 hours activity session & to celebrate the spirit of innovation.

Activities to be undertaken:

- 1. 3D Printer Workshop**
- 2. Breadboard Activity**

Kindly fill up the registration form through the link given below before **18th April, 2019**
<https://forms.gle/4Tja9DRYUDzMDriJ9>

Certificates will be given to all the participants.

For any query, you may contact Ms. Alka Gupta 09013013987

Looking forward to the active participation of your students.

Warm Regards

Swarnima Luthra
